Have the Following items finished prior to our installation crew's arrival:

1) Gutters:

Please have the gutters installed before we arrive.

2) Clear Work Area:

Have ditches backfilled, which restrict skirting area, and have a clear access with room to work around the home (3'-0" in the clear minimum).

3) Driveway Access:

Make sure the driveway is maintained for clear and close access to the home.

4) Inspections:

Have all work and inspections complete that pertain to the under-crawl space.

DON'T FORGET!
